

## United Partnerships & Southeastern Mass Insurance Association's Library Project

United Partnerships, a collaborative program between People Incorporated and the United Way of Greater Fall River, is pleased to share another success story as they work towards improving educational attainment in Fall River. This collaboration was able to secure \$500 from the Southcoast Insurance Association for an in-classroom library project for Kuss Middle School. United Partnerships has also been working with all four middle schools in Fall River to bring Leadership and Mentoring programs for the students and hopes to have 600 students trained by the end of the 2008 – 2009 school year. If you or your business would like to get involved in this innovative collaboration, please contact Melissa Reilly at People Incorporated at 508-679-5233 x 11.
